## Netflix Minimum Call

### DUBBING

## There is a 2-hour minimum for Netflix dubbing work

On June 5, 2024, the Dubbing Committee had a Town Hall where they discussed a 2-hour minimum waiver for Netflix. We heard from many of you that it was imperative to keep dubbing work in the US and to provide more work opportunities. To accomplish that and pave the way for the Committee's goal to seek A.I. protections in future negotiations with Netflix, the Committee accepted the following conditions in terms of the waiver:

1. All projects currently in production will continue to be paid at the 3-hour minimum.
2. Effective July 1, 2024, future productions will be paid at the 2-hour minimum
3. Overtime will be paid in hourly units.
