

HOUSTON-AUSTIN LOCAL

Want to reclaim power over your own career? Get involved.

SAG-AFTRA Board – Board members serve the area membership by providing leadership in elected or appointed seats. Their insight and experience provide recommendations that are carried to local staff and/or National Boards for action. These leaders also serve the local community as representatives of professional performers in South Texas.

Member Outreach – Help plan fun and exciting events throughout the year, including member mixers, Script 2 Screen reads, mentoring program and membership meetings. This committee's work is a great way for members to stay connected to who's doing what and where.

Industry Outreach – Trained teams of SAG-AFTRA performers coordinate networking opportunities with agents, casting directors, ad agencies and advertisers and work to organize work for members across the state. This team works to understand various contracts and the signatory process for potential employers.

Houston-Austin Conservatory – The Conservatory Committee focuses on raising the level of professionalism in the Houston/Austin /San Antonio region by offering educational and performance workshops to members. Some workshops are open to non-members and industry professionals. However, casting director workshops are closed to conservatory members only. SAG-AFTRA members may join the Conservatory for \$35/annually. Conservatory membership offers admittance to all SAG-AFTRA Conservatory programs across the state!

SAG Awards Viewing Party – SAVP plans the Houston-Austin Local's annual SAG Awards Viewing Party for members and industry. Work with members to create a fun viewing party that includes a walk on the red carpet, Texas member reel on the big screen, trivia contests, food/beverages, prizes and more!

I am interested. Contact me with information on how to get involved with the following:
